GOING ON A CRUISE.—The steam yacht Gretchen, with her owner, Mr. J. E. Reynolds, and a party of gentlemen aboard, will leave Washington tomorrow, under the command of Capt. J. S. Richardson, for a cruise in the North Carolina waters. The yacht has been entirely remodeled and beautifully decorated, and she is now one of the handsomest boats on the Potomac. She is fitted with electric lights throughout and has all the modern labor-saving appliances in her outfit. In her after cabin are two staterooms, with two beds in each room, and the main saloon is provided with folding lockers that can be used for sleeping places. The crew's quarters and kitchen are in the forward part of the boat and her pilot house is large and roomy and is used as a dining room. White and gold are the colors of her saloon and staterooms, and the deck house is of mahogany highly polished. The fitting out of the yacht was done under the direction of Mr. Edward Dean of this city.

RAILROAD MISSION.—Rev. H. W. Bouldin, of the Theological Seminary, will conduct the services at the Auditorium tomorrow at 4 o'clock. At this service the choir from Trinity M. E. Church—composed of the following: Soprano, Mrs. J. Harry Myers; Alto, Mrs. J. T. Walker; Tenor, Mrs. C. W. Lyles; and Mr. R. L. Clark; Basses, Messrs. H. L. Ramey and Wm. Owens; Chorus, J. S. Renner; Violinist, Mrs. J. V. Nall; Cornetist, Mr. Lester Kahler; Organist, Miss Emma Leatherland—will render two anthems, "The Glory of God" and "Hail to the Lord" and will also take part in the congregational singing. This mission is being attended by large crowds and much interest is being taken in the union services. Rev. Mr. Bouldin is an attractive speaker and a fine sermon may be expected.

LEFT COLLATERAL.—As was stated in the Gazette yesterday, Edward Haynes, John E. Cowling, Harry Robinson and Samuel Jones were caught in the act of drawing a seine in a cove of the river near Shepherd's opposite, this city, Thursday night. They were placed under arrest, charged with violating the fish and game laws, and each furnished \$75 collateral for his appearance in the Washington Police Court Monday. There were five men in the boat when the deputy and his two assistants sighted them, but one jumped overboard and swam ashore. The others were held up at the point of a revolver, and surrendered without resistance or effort to escape. Their boat, with a large catch of bass, perch, and other fish, was towed to Washington and held by the police as evidence. Deputy Warder Bailey has begun patrolling the river regularly, day and night, in the determination to break up the illegal fishing.

THE GOLF CLUB.—A delightful tea marked the opening of the new clubhouse of the Alexandria Golf Club yesterday afternoon, and the managers have decided to continue this feature every Friday afternoon until better weather begins. Tea was served by Mrs. C. W. W. T. A. Miss Phil Watles, Miss Ruth Bryant, Miss Esther Burke, Miss Howard, and the Misses Gatewood. The club's new home is one of the prettiest of its kind in the State. Situated as it is on the summit of Shooter's Hill, it commands a fine view of Washington, Alexandria, the Potomac river, and all of the surrounding country. It is fitted with every modern convenience and contains a number of indoor games for inclement weather. The spring tournament of the club will be held the latter part of this month.

NEW TUG.—The hull of the new tugboat building at Solomon's Island, Maryland, by M. M. Davis, for A. J. Taylor & Co. of Washington, will, it is expected, be launched today, and will be named the M. Mitchell Davis, in honor of her builder, and to replace the tug of the same name, which was sold north about a year ago. The new Davis will be by far the largest boat of her kind on the river. She is over 100 feet long, and is built for service at sea if necessary. As soon as possible she will be taken to Baltimore, where her engine and machinery will be installed by the James Clark Company. It will be about the last of June before the new boat is completed and ready for service. The new M. M. Davis will give Taylor & Co. a fifth tug in their fleet of boats.

KRETEL COMPANY'S AFFAIRS.—Capt. Knott, receiver for the Kretel Chemical Company, yesterday filed a preliminary report in the Supreme Court of the District of Columbia. The report shows that after qualifying the receiver ascertained that there was no property of value belonging to the company in Washington. The books and papers he took charge of and removed to this city. He further states that the company is now manufacturing the product and filling the many orders which are on hand. The preliminary report to the Corporation Court in this city will be made within the next few days.

DEATH OF MR. HORACE E. DOWNHAM.—The many friends and acquaintances of Mr. Horace E. Downham will regret to learn of his death which occurred at the residence of his father, ex-Mayor Downham, on north Washington street, at an early hour this morning. The deceased was 28 years old. He had recently been critically ill, and yesterday his condition became grave. He lingered until this morning when his death ensued. Mr. Downham was a well-known young gentleman. He was popular with a large circle of friends and acquaintances, all of whom lament his decease.

PROPERTY SALES.—Capt. R. F. Knott today sold on the premises the property on the northwest corner of Prince and Alfred streets, the home of the late Mrs. Susan Pulman, to Mr. M. Abren for \$2,000. Mr. S. H. Lunt today sold for the trustees a lot of ground with the building and improvements thereon situated on Columbus between Prince and Duke streets, known as Baumgardner property, to Mrs. Margaret Barnett for \$1200 cash.

Special sale of "mill ends" at Schwartz's, 518 King street, next week. The goods consist of the finest brands of bleached cottons, Lonsdale's shirting prints, percale, dress gingham, madras, etc. In looking for your matting, don't pass the immense stock by without giving it a look if you want to save money.

Messrs. I. Eichberg & Sons advertise some rare inducements in wrappers.

PERSONAL.—Mr. and Mrs. Wm. C. Brenner, who have been living at Monroe, have returned to this city, as Mr. Brenner has been transferred to the Southern Railway machine shops here.

Mr. L. E. Uhler, who has been quite ill for the past few days, is now at the Alexandria Hospital, where he is receiving the most careful attention, and his condition today has improved.

Mr. Robert Davis, who has recently been confined to his home by sickness, is improving.

Mrs. Ann E. Millin, sister of Mrs. Wm. W. Smith, is seriously ill at her home, corner of Duke and Washington streets.

Mr. J. T. Callahan has returned from Georgia and South Carolina, where he spent the past month.

Mr. Philip Vogelgesang left today for Baltimore, where he will in future reside with his daughter Louise.

ATTACKED BY NEGROES.—Mr. James Cliff, who conducts a store on the northeast corner of Wilkes and Pitt streets, had a thrilling experience with strange negroes yesterday. The darkies entered the store and became aggressive because they could not obtain certain articles at their price, and were finally ordered out. They grew disorderly and one of the trio drew a razor and threatened to use it on the storekeeper. The negroes left the neighborhood before an officer could be summoned.

GLASS WORKS.—It is thought that instead of two glass works in this city and vicinity, in less than a year there will be four. Some time ago parties here were selecting a site for works near the old canal basin. They purchased to manufacture milk bottles. Other persons are now in the city looking for a suitable place on which to erect another plant. It is said they are much pleased with portions of upper Duke street, near the Stone Bridge.

FISH.—There was no change in conditions at Fishbowl this morning. A small lot of fish had been received from Freeport, but the operations on the lower river are far from favorable. Three small vessels, supposed to be loaded with fish, passed up for Washington this morning.

THE MARKET this morning showed an improvement on that of yesterday this year. There was a fine display of green stuff and flowers. Butter, eggs and poultry were plentiful, but prices had undergone no marked change. Meats and fresh fish showed no fluctuations.

LOCAL BREVITIES.

The tide in the river still makes high. Only three lodgers sought shelter at the six on house last night.

An old colored woman named Elizabeth Lee died last night at her home on upper Duke street, aged 90 years.

Mr. Al. Lucas, who was elected a member of the police force on Wednesday night, has decided not to accept the position.

A number of colored persons of the Alfred street Baptist Church will be baptized in the river at Battery Rodgers between 12 and 1 o'clock tomorrow.

A large loaded with coal from this city for Colonial Beach, in charge of Captain Tom Murray, ran on a pile some distance down the river on Thursday and sunk.

There were no cases for trial in the Police Court this morning. An offender, arrested on the chronic charge of drunkenness in the street, is locked up in the station house.

It is said men belonging to the machinists' union will soon resume work at the Southern Railway shops, all friction between the company and the union having been removed.

An evening of "illustrated ballads" was enjoyed by a large audience in St. Paul's Church parish hall last night. The affair was under the direction of Mrs. Dr. M. W. O'Brien. Every feature of the programme was admirably executed and justly appreciated.

The through passenger train on the Washington-Southern Railway which leaves here at 4:45 a. m. for the South, will hereafter stop at Woodbridge, which will be done for the benefit of persons who desire to indulge in bass fishing during the season. The fare will be fifty cents for the round trip, tickets good for two days.

The alarm of fire about four o'clock this afternoon was caused by a slight fire in a back building of a house on Fairfax street, between Wilkes and Gibson. It was subdued by Mr. Harry Entwistle, who used an extinguisher. The fire was caused by sparks from Curtin & Butt's foundry.

CIGARS.

Trust Methods

are familiar to our people, and there is little need of a sermon to enlighten them. Patronize home industries and thereby strike a telling blow in the interest of your country and community.

We can do make as good a cigar for the money as can be made anywhere in the country, and we are not disparaging nature and out-raging taste by combinations of colors to proclaim the fact. Take, for instance, our

"Choice,"

a cigar that is not surpassed anywhere for a nickel. Our

Tampanola, Perfecto and Plantation

are as good as are produced of their grade. Then there are other brands equally as good at their price. Our

Indio Americano, a lower grade, is better than the average five-cent cigar sold elsewhere.

Every brand union made. Every "Plantation" Cigar is stamped with the firm name of
